9901.341-342 Performance payouts ~~to~~ NSPS will use pay pools to manage, control, and distribute performance based pay increases and bonuses. Money for performance based pay will come out of the existing payroll cost for such things as within-grade increases, quality step increase, promotions, etc. DoD is NOT putting more money into the system so performance pay will not be over and above current payrolls. Some employees can get more but only if some of their co-workers get less.

Sincerely,
