In 9101.352. This section gives management the right to ~~to~~ without any reason change someone's pay anywhere within the assigned pay band. This is not comparable to the current system that we have. It takes away the right of the employee to know that your pay is safe. Without any checks and balances it pretty much gives your supervisor to change your pay because he decided like the color of shirt that your wearing.

Sincerely,

P-0164
