These new changes take away our rights to bargain fairly. The present system is working well so here we go again "if it isn't broken well break it" I am a Union Worker and I thank God for that it frightened me at think that my professional will be put squarely in one persons hands (Belgiovise) I really feel sorry for workers just entering the system. What is the solution to this "Fair Board" I think not. I urge you to stop the destruction of workers rights. "Shove me over" if you try destroying this wonderful system. ~~== #~~

Sincerely,

David Hukoski
