I think the proposed NSPS Regulations are very unfair to the Government workers. I think it would be one of the worst things that could happen to the government employees. If it would not be for government employees at Dover Air Base, there would be very little maintenance expenses. The legislators who came up with this system are only thinking of themselves. They definitely do not know how to work for a living or make an honest living at all.

Sincerely,

P-0235
